Subject: Telehealth Services

Good afternoon,

I am receiving many inquiries from healthcare providers, medical bill processors, and claim administrators about whether the Board's fee schedule covers telehealth services.

Please note, the Board's medical fee schedule has maximum fees established for a number of telehealth services (see table below).

As a reminder, for any professional service furnished in-person or via telehealth that does not have a maximum fee established, payment defaults to the provider's usual and customary charge.
